March SSR Meeting #4

Monday, March 2, 2026

3:00pm – 5:00pm

Ah Haa School For the Arts, 3rd Floor Launchpad 155 W Pacific Ave, Telluride, CO 81435, USA

Zoom Link for Virtual Attendance

(In-person attendance requested)

Invite link: https://us06web.zoom.us/j/83263765094?pwd=CMiCpjmbABuOCcddsokzKiHFcApBaF.1
Meeting ID: 832 6376 5094

Passcode: 910385

Meeting Intent

During this meeting, we will build on prior discussions and polling results to refine and recommendations for changes to the Land Use Code that will make affordable and workforce housing easier to build. The feedback from this meeting will be integrated into the Accelerated Housing Review program (previously referred to as "Fast Track") as well as the Final Code Audit Report.

March SSR Meeting #4 Agenda

2-Hour Working Session

I. Recap of prior meetings, Menti poll results, and framing current discussion *(20 minutes)*
II. Accelerated Housing Review process overview *(15 minutes)*
III. Refining draft recommendations *(60 minutes)*
IV. Synthesis of feedback, key refinements, and areas needing follow-up *(20 minutes)*
V. Meeting wrap-up and next steps *(5 minutes)*

SAN MIGUEL COUNTY Housing Code Update

SSR Meeting #4

March 2, 2026 | 3pm – 5pm

PRESENTATION AGENDA

I. Intro

II. Recap from Past Meetings

III. Menti Poll Summary

IV. Drafting Recommendations

V. Peer Community Followup

Meeting Goal

To build on prior discussions and polling results to refine and recommendations for changes to the Land Use Code that will make affordable and workforce housing easier to build.

PAST MEETINGS RECAP

General Feedback Summary

Strong consensus, broad support

1D. Flexible Front Setback Allowances

1E. Redefine the Community Housing Zone

2A. Live-Work Housing

2B. ADUs by Right

2C. Cottage Clusters and Tiny Homes

3A. Density Bonus

3B. Lot Coverage, Setbacks and Size Reductions

3D. Fee Reductions/Waivers

3E. Incentives for Deed-Restricted ADUs

4B. Reduce Reliance on PUDs

6A. Provide Clear Use Tables and Standardized Definitions for All Zoning Districts

Mixed or conditional support

1A. Reduce Minimum Lot Sizes

1B. Adjust Density Allowances

1F. Allow Multiple Dwelling Units Under Relaxed Rules on Large Lots

2D. Campers/RVs/Vans

3G. Affordability Definitions, Qualifying Criteria, and Deed Restrictions

3H. Employee Housing Mitigation Impact Fee Structure

6B. Consider Consolidating Residential Zones Intended for Lower Density

Strong consensus, broad dissent

1C. Adjust Minimum Parking Requirements

3F. Reductions in Open Space Requirements

5A. Developing a TDR Program

Today's focus

Accelerated Housing Review

Key Provisions:

- Facilitating 90-day review times for eligible residential development applications with:
  - 50% or more units deed-restricted to be permanently affordable
  - For rentals, affordable to households earning up to ***120% AMI***
  - For ownership, affordable to households earning up to ***200% AMI***

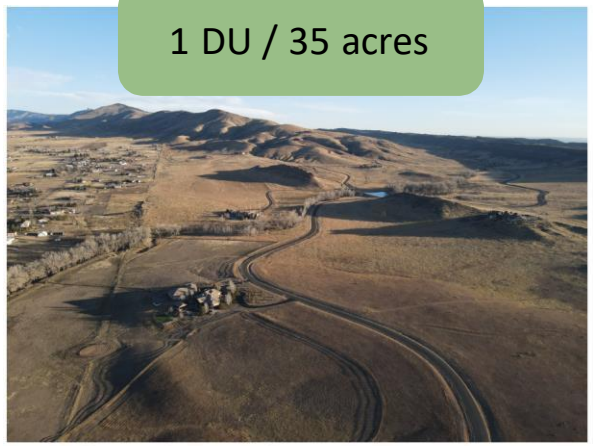
Next Steps:

- Project team developing draft language to add a Section 3-15 of the Land Use Code.
- Draft language will be published online Thursday, March 12th and reviewed at a joint Planning Commission and Board of County Commissioners work session Thursday, March 26th.
- Must be adopted by June 30th, 2026, to qualify for DOLA incentive.

MENTI POLL SUMMARY

Dwelling Units (DU) / Acre

1 DU / 35 acres



Large-lot Single-Family (Loveland, CO)

2 DU / 1 acre

Accessory Dwelling Unit (Carlsbad, CA)

4 DU / 1 acre

Duplex (Frisco, CO)

Large-Lot Single-Family (Thayne, WY)

1 DU / 5 acres

Fourplex (Montrose, CO)

2 DU / 1 acre

Duplex (South Fork, CO)

2 DU / 1 acre

SAN MIGUEL COUNTY
Housing Code Update

Dwelling Units (DU) / Acre

8 DU / 1 acre

Small-scale Apartments (Thermopolis, WY)

18 DU / 1 acre

Small-Lot Single-Family (Park City, UT)

~14 DU / 1 acre

Small-lot Single-Family (Buena Vista, CO)

Small-Lot Single-Family Clusters (Park City, UT)

~5 DU / 1 acre

Apartments – 2 stories (Jackson, WY)

22 DU / 1 acre

Clustered Single-Family (Frisco, CO)

7 DU / 1 acre

SAN MIGUEL COUNTY
Housing Code Update

Dwelling Units (DU) / Acre

8 DU / 1 acre

Condominiums (Driggs, ID)

10 DU / 1 acre

Townhomes (Pinedale, WY)

22 DU / 1 acre

Apartment Complex – 4 stories (Park City, UT)

Townhomes (Summit County, UT)

10 DU / 1 acre

Poll Results – Review Type

Administrative

- Large-lot Single-Family
- Accessory Dwelling Unit
- Duplex*

*

Duplex (Frisco, CO)

One-Step

- Fourplex
- Duplex**

**

Duplex (South Fork, CO)

Two-Step

- Small-scale apartments
- Small-lot single-family clusters
- Small-lot single-family
- Condominiums
- Townhomes

Five-Step

- Apartment Complex (4+ stories)

SAN MIGUEL COUNTY
Housing Code Update

DRAFTING RECOMMENDATIONS

Recommendations

3D. Fee Reductions/Waivers

Recommendations

No change at this time

- *Development review fees already low*
- *Plan inspection and building inspection fee cannot be waived*
- *Sales and use tax (1% tax on building materials) with building permit cannot be waived*

Recommendations

3B. Lot Coverage, Setbacks and Size Reductions

Recommendation

Reduce setback requirements in LDR, LD, MD and HD

Considerations

1. Only for qualifying projects, acts as a developer incentive - align setback and coverage reductions with specific affordability levels or project types.
2. Ensure compatibility with existing character and environmental constraints.
3. Which districts might be eligible for reductions for qualifying projects?

Zone District	Existing Setbacks (F, R, S)	Proposed Change
LDR and LD	50’, 50’, 50’	**25’, 25’, 25’** *or no change*
MD	30’, 20’, 20’	**20’, 20’, 12.5’**
HD	30’, 30’, 30’	**10’-20’ (15’), 10’-20’ (15’), 15’ perimeter**

Alley loaded townhomes – 10’ Front

Minimum building separation – 10’

SAN MIGUEL COUNTY
Housing Code Update

Recommendations

2C. Cottage Clusters

Recommendations

Allow as a use by right and adopt WMTR standards

Considerations

1. Should there be a maximum number of units ?
2. What level of detail is desired for courtyard/open space standards?

Context:

- *Currently only defined in the WMTR district*
- *Requires a PUD*
  - **Lot Area**: Minimum 30,000 SF, Maximum 45,000 SF
  - **Number of Units**: 4 to 9 cottage dwelling units
  - **Size of Units**: Maximum lot coverage of 850 SF, maximum floor area 1,500 SF or 1.5 times the lot coverage, whichever is less.
  - **Common Open Space**: Each cottage dwelling unit shall include a minimum of 250 SF of common open space. At least fifty percent (50%) of each cottage dwelling unit shall abut common open space. All cottage dwelling units shall be within sixty (60) feet of common open space, and the common open space shall have cottage dwelling units abutting at least fifty percent (50%) of its boundaries.

Recommendations

2D. Campers/RVs/Vans

Considerations

1. Should this be a temporary living situation on a site like Gem County? If so, should more than one home on wheels be allowed per parcel pending lot size? What limit would need to be placed on the timeframe to define 'temporary'?
2. If private land camping is added as a use, what should be the maximum number of camping spaces per lot size? Per the definition of "campground" in the current code, where two or more spaces are provided, CDPHE standards for water and wastewater are required.
3. What water and wastewater connections would be required?

Recommendations

3G. Affordability Definitions

Current definition of Affordable Housing:

Residential dwelling units in the Telluride Region that are permanently deed restricted by the County's R-1 Housing Deed Restriction to limit use and occupancy to persons (and their families) who live and earn their livings primarily in the R-1 School District of San Miguel County, or such other deed restriction as approved by the BOCC.

Considerations

- Which projects should qualify for density bonuses, fee reductions, and other incentives? Same as Accelerated Housing Review criteria?*
- Could other factors qualify developments for these incentives, such as other community benefits?
- Should rental projects that are suitable for seasonal employees living in the County less than 8 months qualify?
- Consider whether remote workers, whose presence is not required in San Miguel County, should be considered qualified employees.

***Note on AMI Levels**

The County may incentivize projects affordable to households with higher AMI levels than those established in Prop 123. However, for these projects to count towards the County's Prop 123 commitment, the County must file a Rural Resort Petition.

PEER EXAMPLES

Jackson/Teton County Wyoming

Jackson/Teton County Affordable Housing Department Sources 2017-2021	
Mitigation Fees	$7,806,296
General Fund	$7,000,000
2019 SPET	$1,509,842
Land Owned, Appraised Value	$16,060,000
JTCHA	$156,638
2006 SPET	$3,900,405
Total	**$36,433,181**

Source: Jackson/Teton Affordable Housing Department, consultant team

Affordable & Workforce Housing production has steadily increased since Housing Action Plan implementation.

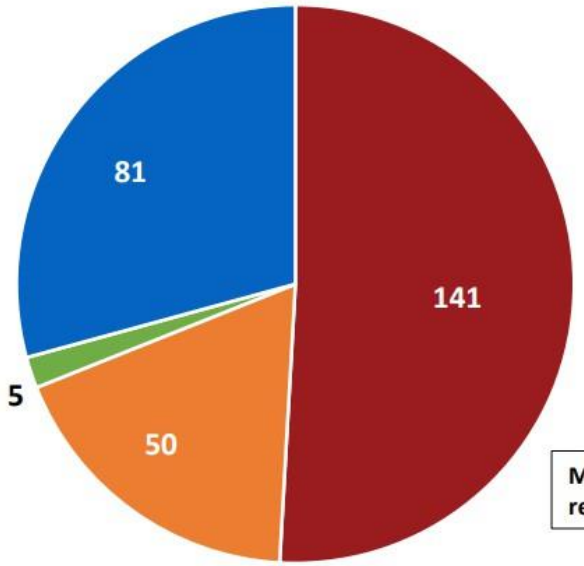
Since 2018, 277 Affordable and Workforce homes have been created or are in construction utilizing housing incentive tools.

Over $123 million in public funding has been saved through use of these incentive tools by the private sector – this excludes homes that were built using public funding via Public-Private Partnerships.

A housing incentive tool is a regulation designed to encourage or catalyze the construction of Affordable and Workforce homes by the private sector.

Affordable vs. Workforce?
The minimum standard for use of these tools is a Workforce deed restriction. Thanks to use in Public-Private Partnerships and by local non-profits, over 100 are further deed restricted as Affordable.

Without incentive tools, these Affordable homes *would not exist* today.



Why since 2018?
The Workforce Housing Incentive Program was codified in Town LDRs in 2016 and by 2018 were incorporated into regular use by developers.

Most units (84%) are rentals homes.

2 for 1 Tool | 4th Floor Bonus | NL-5 Density Bonus | ARUs

Aspen/Carbondale

To qualify for renting, there are three basic requirements:

- Work full time in Pitkin County (1500 hours per calendar year).
- Occupy the unit as a primary residence (at least 9 months per year).
- Own NO other developed residential property within the Ownership Exclusion Zone.
